LAT/LONG: 43.51386,-112.05208

DIRECTIONS: *I-15 Exit #119, E on US 20 toward Rigby/W Yellowstone; cross river and veer to the R; L on Fremont Ave and go 0.5mi; L on Science Center Dr and follow to the park.*

Russ Freeman Park may seem like a maze of roads, but just park your car and walk toward the river. The conifers along the river harbor both Black-capped and Mountain Chickadees, Red-breasted Nuthatches, and Brown Creepers year round. Hooded Merganser, Common Goldeneye, and other waterfowl are present during migration and in the winter, Northern Shrike has been reported. Osprey are common during the summer along with Bullock's Oriole, Cedar Waxwing, and Yellow Warbler.
